23. Any rodeo, regardless of previous sanction cannot reduce its total added money as compared to its previous year without showing sufficient cause to the APRA office and/or the Board of Directors. Any Producer or Stock Contractor accepting a contract on a rodeo that reduced its total added money without approval of the Board of Directors will be fined One Hundred (\$100) Dollars.
24. A rodeo reducing its number of performances as compared to its previous year will have the right to reduce its prize money proportionately. A rodeo increasing its number of performances as compared to previous year shall increase its prize money proportionately.
25. If a rodeo sponsor wishes to add a rodeo performance after the rodeo is already sanctioned, they may do so no later than the opening of rodeo books/entry taking time for which the rodeo is already sanctioned. If a performance is added, prize money in each contest event will automatically be increased proportionately by the rodeo sponsor to the amount already sanctioned for the other performances (ie: an already sanctioned three (3) performance rodeo with \$3,600 in total added money will automatically increase its added money by \$1,200 for each additional performance). All Contestants, when entering, will be informed by CES of the time for the additional performance and the increased prize money. The sponsoring committee will furnish an attended first-aid auto or ambulance and EMT crew or paramedics to be on the grounds during the performance and during competition preceding and following each performance to properly take care of injured Contestants. It is highly recommended a doctor also be on the grounds. Failure to have an accredited ambulance in attendance for either the performance or slack will constitute a Two Hundred Fifty (\$250) dollar fine. Said fine to be doubled for each offense.
 29. Sanction Fee - APRA rodeos are not subject to a sanction fee from the Rodeo Committee or Stock Contractor/Producer unless sanctioning application is not received 30 days prior to first performance; however, ten percent (10%) of the gross money (entry fees and added money totaled) will be deducted by the Rodeo Secretary before placing Contestants are paid, and shall be mailed to the APRA office by the Rodeo Secretary.

 34. If a rodeo has two performances or less and slack is not designated, slack will be run after each performance.
 35. Slack must be designated before it can be offered at any time other than after a performance. Designated slack time must be noted on the sanction application and listed in the rodeo listing; otherwise, it will be run after the performance (exception rule #35).

 37. Committees shall have the right to use whatever program necessary for their particular needs, provided no other association is specifically mentioned. However, it is recommended that committees use programs that are especially prepared for APRA rodeos. The APRA logo MUST appear on the cover of all programs used at APRA rodeos. All APRA rodeo programs must include APRA membership information and associate membership information.
 38. Rodeo Committees and or Producers of APRA sanctioned rodeos should recognize the APRA as the sanctioning body on all advertising of the event such as signs, posters, radio, news print, television, etc.
 39. The APRA flag, banner and the AFR banner must be presented at all APRA rodeos.
 40. It is recommended for rodeos that add \$1000 dollars or more per event, Certified Judges be used.
 41. Should the occasion arise for representation at a rodeo, any member in good standing should call the APRA office for instructions if a Director or other representative is not present.
 42. A rodeo must offer the eight standard events to be eligible for Rodeo of the Year and/or Best New Rodeo honors.

LESS THAN FULL RODEO

1. The APRA may approve sanction of Less Than Full Rodeo competitions with a minimum of 4 standard events and three hundred (\$300) added per event. All other APRA rules apply. Preexisting APRA Sanctioned full rodeos may not change to this format, but will be allowed to host an LTFR competition in addition to their APRA sanctioned full rodeo.
2. Stock Contractors/Producers must use APRA Personnel at all LTFR's.
3. LTFR events DO NOT COUNT towards a Contestants AFR eligibility minimum of three (3) APRA sanctioned full event rodeos (*see American Finals Rodeo, #10 for further details*).

2. Judges must total own score sheets and remain with Rodeo Secretary until complete payoff is announced.
3. When scores are posted on Secretary's official recording sheet following each performance, a Judges sheet in the Secretary's package will be posted where it can be seen by all Contestants with livestock drawn and Judges markings thirty (30) minutes after each performance (except last performance) and/or slack for each Contestant's inspection. Failure to comply with this rule will result in a Twenty-Five Dollar (\$25) fine per Judge. Posted Judges' books must be forwarded to the APRA office with results.

5. Judges' decisions are final if in accordance with APRA rules.

6. In all cases of dispute, the rodeo will proceed without delay under the existing rules of the APRA and the matter of said dispute shall be settled by the Judges. Judges are hired to Judge the complete rodeo, in all events, in their entirety and may consult with one another in case of a dispute.
7. Decisions of Judges, Flagmen and Timers will be final and no undue protest by the Contestant will be permitted. Any Contestant protesting a Judge's decision will be disqualified for the remainder of that rodeo and will be subject to a One Hundred Dollar (\$100) fine.

9. All arenas, indoor and outdoor, will be disked, or worked and watered to the satisfaction of the Judges. If the arena is watered during intermission it also must be worked. Ground may be worked at any time at the discretion of Judges. When extreme conditions exist (i.e. weather), Judges shall determine whether equipment is to be used to work the arena.
10. Faulty equipment - all equipment used by the Contestant is his responsibility and no rerides or reruns will be given due to faulty equipment. Borrowed equipment is accepted as Contestant's own.
11. Fouls - any time a Contestant is fouled in any event, he/she must declare themselves IMMEDIATELY (except in the Steer Wrestling event when fouled by the barrier **see Barriers #21 for additional information*) or take the recorded time. Any attempt to compete on stock will eliminate the eligibility of that Contestant of a foul.
12. Field flag Judge must flag all runs and Secretary shall record time. If disqualified, one line shall be drawn through the time and "NT" placed beside it.
13. Any competition rule change proposed and adopted during the course of the competitive season shall not go into effect until the following season, unless such need arises and is voted in favor of unanimously by the Executive Board.
14. All Contestants must have their cowboy hat on their head when entering the floor of the arena (this does not include the alleyway for barrel racers). Any Contestant not having a hat on their head when entering the floor of the arena will be fined Fifty Dollars (\$50). This rule will be enforced by the Judges.
15. Any Rodeo Judge has the authority to visible injure-out a contestant. (*See Rodeo Entry/Turn Outs, number 3 for additional information*)

ROUGH STOCK

1. Judges' markings (unofficially) are to be announced publicly after each Contestant's ride or contest.
2. Judges' markings are to be from one (1) to twenty-five (25) on rider and one (1) to twenty-five (25) on animal, having a total of fifty (50) on each side, making highest possible score of one hundred (100), with full spread to be used. The rider and animal will be marked separately, marking the rider on how well he rides and the animal according to its performance.
3. Judges' markings will be final and recorded in ink. There will be no changes. Judges will be subject to a Twenty-Five Dollar (\$25) fine per offense for changing markings (notation must be made to explain why change, such as: Marking on the wrong line etc.). Judges' books must be turned in to the Rodeo Secretary to be recorded on a Secretary's Official Recording sheet upon completion of each performance.
4. In all Rough Stock events, Contestant may use their free hand against any foreign object (Pickup Men, fences, etc.) that obstructs his ride.
5. No Contestant shall ride more than two (2) head of stock in the same event during any one (1) paid performance except for rerides, unless agreed to by Contestant and rodeo officials.
6. Approved livestock prods cannot be used on bucking stock until turned completely out, unless requested by rider. Approved livestock prods must be used from the back of the bucking chutes.

7. No Contestant in an event can flank animals for other Contestants in the same event, unless permission is granted by the Board of Directors.
8. In the Rough Stock events, Judge will drop a flag as soon as a Contestant has been deemed disqualified, but Judge will watch entire ride and score the animal accordingly.
9. Both Judges will be required to use a stop watch during all riding events. At rodeos using both right and left hand delivery bucking chutes, the Judge on the "latch side" will have the official time. The Judge with the time on the "hinge side" side will serve as a backup in case of a malfunction. In the event that the watch of the "hinge side" Judge is used to determine a qualified ride, extreme close calls should go to the benefit of the Contestant. The use of a watch by both Judges will also assist in justifying calls on the other rule infractions such as loosing stirrup, touching animal, etc. After Judges have established their sides for an event, no changes may occur.
10. Once a horse is placed in the draw (drawn or reride) it will not be used in the wild horse race or other non-sanctioned events.
11. During a ride; if the flank comes off and Contestant made a qualified ride to that point, Contestant will be awarded a reride.
12. All Judges are required to inspect bulls horns to ensure they are tipped to the size of a \$0.50 cent piece before first performance. Any bulls that need to be tipped will be tipped before placing that animal in the draw. Any Judge failing to inspect bulls horns shall be fined.
13. In all Rough Stock events no new animal will be put in the draw, unless previously bucked.
14. Once animal is loaded into bucking chute, hot shots/prods are only to be used on stalling animals with contestant approval and notification to the judge(s).

2. Flank malfunctions –
 - a. Horse riding events: if a flank comes off during a ride, Contestant has the privilege of accepting his marking or receiving a re-ride (it shall be at the Stock Contractor's discretion as to whether Contestant receives re-ride on same animal). Decision must be made immediately.
 - b. Bull riding event: if a flank comes off during a ride, Contestant has the privilege of accepting his marking or receiving a re-ride on the same bull. Decision must be made immediately.
3. Contestant will have the right to know his score and stock number before he makes a decision to accept or reject a re-ride.
4. If an animal in a riding event comes out backwards, mark out rule to be waived and if rider is fouled, he must declare himself to receive a re-ride.
5. Judges' decision on re-rides will be in accordance with the rules set forth hereafter:
 - a. Contestants will not be permitted to ask for a re-ride (unless fouled) or talk to Judge about his marking during a performance.
 - b. Should an animal stop at any time during the ride, the Contestant shall be entitled to a re-ride as long as the Contestant made a qualified ride up to the point the animal stopped. However, a Contestant must make a qualified ride to receive re-ride/score option.
 - c. If, in the opinion of the Judges, a rider makes two honest efforts to get out on a chute fighting animal and is unable to do so, Contestant may have a re-ride drawn for them.
 - d. If a qualified ride is made by a Contestant and the animal is marked by either Judge at fifteen (15) or under, falls or stops, then Contestant shall have the option of a re-ride (re-ride will not be given if Contestant's equipment causes horse to fall). Judges will notify Secretary if a re-ride is to be given.
 - e. If an animal runs off, stops or falls three (3) times in one fiscal year, animal may be taken out of the draw by the director.

- f. If rider is fouled by coming into contact with pickup horse or stationary object, rider may ask for a re-ride, but must do so IMMEDIATELY. It shall be to the Stock Contractor's discretion as to whether Contestant receives a re-ride on the same animal.
- g. Re-rides are drawn out of the horses or bulls not drawn that performance. In all three riding events (Bareback, Saddle Bronc and Bull Riding) there must be three (3) head of horses or bulls drawn for re-rides out of the entire herd of animals not drawn that performance. Prior to the performance, the first re-ride horse must be drawn from the three re-ride horses so that the first re-ride horse may be loaded in the chute. All animals turned out during a performance will be added to the re-ride pen that performance. Remaining re-rides will be drawn from the original re-ride pen that performance and all animals turned out that performance.
- h. If an animal fouls a rider at the chute, or falls, the rider is granted a re-ride, provided Contestant has not been disqualified for other reasons. Contestant will receive the first designated re-ride of the same animal if the Stock Contractor agrees.
- i. If an animal is disqualified from competition after the draw, the Judge will replace the disqualified animal from the re-ride herd. If the re-ride herd has been exhausted, the animal will be replaced from the balance of the herd not out that performance. Disqualified animals will remain disqualified for the remainder of that rodeo.
- j. It is suggested that if some error or question rises during the event, the announcer be advised so that it can be announced over the speaker there may be a re-ride or rerun.
- k. Once a horse or bull has been contested on in the re-rides, that animal cannot be drawn for a re-ride again unless Stock Contractor puts animal back in the herd.
- l. If an animal stalls in the bucking chute, hot shot will not be used until animal has turned outward, unless permission is given by Contestant. Contestant must declare himself.

HORSE RIDING ONLY

1. Contestant's spurs must be over the break of the horse's shoulders, touching animal when the horse's front feet touch the ground the first time out of the chute.
 - a. The first jump rule will be waived automatically if horse stalls coming out of the chute. Judges may tell rider to take his feet out of the horse's neck. Rider may be disqualified for not following Judges' instructions to take feet from neck of horse stalled in the chute.
 - b. The first jump rule will be waived automatically if horse fouls Contestant, unless Contestant declares himself for a re-ride.

TIMED EVENTS

1. An absolute minimum of twelve (12) timed event cattle and one extra suitable for the draw will be hauled by the Stock Contractor. If an event has less than twelve (12) Contestants, Stock Contractor can bring one (1) head for each Contestant with approval from the Event Director. The office will fine Stock Contractor a minimum fine of fifty (\$50) per head they are short. The next offense will be doubled.

Judge's re-run decision must be made immediately following original run. In the timed events, where barrier is used, any penalties incurred during the original run will be added to the re-run (i.e.: if barrier has been broken on original run, Contestant will get stock back lap and tap).
 - c. Steer falls before crossing score line. If barrier equipment lands on animal, stopping or jerking head out of position, or if animal falls before crossing score line, preventing Contestant from making a fair catch, the stock will be brought back. Decision of Judge will determine if stock is re-run. Stock must cross score line in front of Line Judge after leaving chute. If stock does not cross score line in front of Line Judge, stock will be brought back and re-run provided stock was not hindered by Contestant or hazer.
 - d. Bad gate.
8. Steer wrestling cattle will have a minimum weight of four hundred and fifty pounds (450).

In the slack; ground around the barrels must be worked with a tractor, if one is available, before the barrel race and after the equivalent number of Contestants drawn for a performance have competed.
27. Both Judges and the Stock Contractor should have all materials necessary to build a barrier.
28. All chutes used in the timed events will be of a mechanical nature. No manual chutes are to be used.
29. Any timed event infraction regarding cattle will carry a minimum Fifty Dollar (\$50) fine for the first offense and doubled thereafter. Fines to be computed per rodeo, not per performance. Each event with an infraction will be considered separately. Fine determination will carry rodeo to rodeo for the entire course of the year's competition season.
30. No timed event competition will be held after the barrel racing event, unless the barrel areas have been worked by machine or hand raked, unless extreme ground conditions (i.e., mud, water accumulation, etc.) exist.  - a. If the neck rope remains on the neck of the animal, Contestant must declare themselves to be eligible for a rerun, provided the starting flag is positioned on the breast rope of barrier.
 - b. If the starting flag is positioned on the neck rope, a rerun will be automatically given due to the fact that there is no indicator for starting the time.
3. It shall be the discretion of the Line Judge whether or not a ten (10) second penalty shall be assessed when barrier is broken, regardless of the position of the ring. No metal may be used on jerk line and neck rope that extends beyond front of the chute. Barrier must be tied with string only.

If barrier equipment fouls Contestant in Steer Wrestling, Contestant will be entitled to a re-run so long as they do not try to compete on the steer. 22. Re-runs are always given on the same animal unless the wrong animal is run.
23. The Score Line/Barrier Judge may give a re-run to a Contestant (whether stock is caught or missed) when, in the Judge's opinion, any of the following conditions exist:

2. Bucking horses cannot be used in both the Saddle Bronc Riding and the Bareback Riding at the same rodeo.
3. Pens will not be set except for at the AFR.
4. In the Rough Stock events, all stock must be drawn separately and before every performance. Re-rides will be drawn from the remainder of the herd. If the herd is depleted, re-rides will be drawn from the entire herd. Stock should not go to the re-ride pen more than once during a rodeo. Animals that were turned out should go to the re-ride pen, but no animal may be in the re-ride pen more than once. Said draw, with the exception of re-rides/extra's, to be posted at least one hour prior to perf. *(Clarification – this rule applies when no feature animals are provided from stock contractor).*
5. Stock contractor shall include in the pen at least one more animal per performance than the number needed for competition. Stock Contractor shall be allowed to feature one-half (1/2), or the lesser, [ie. 10 contestants, 5 featured animals; 9 contestants, 4 featured animals] of the animals per performance, but must so indicate feature animals prior to the draw. When animals are designated as feature animals, said feature animals will be held out of the draw, re-ride pen will be drawn first and then all featured animals for that performance are to be returned to the draw and performance draw to be completed. All Roughstock will be drawn one (1) performance at a time (same as the Timed Events). In all riding events, no new animals will be put in the draw, unless previously bucked (ie – you can't bring an animal that's never been bucked before and place it in the draw with seasoned animals).
6. All stock draws and Contestant runs order for the events are to be posted one (1) hour in advance of each performance.
7. No Contestant may compete on the same head of stock twice in the same event at the same rodeo. Should the same animal be drawn, Judges will draw another animal for Contestant (exception - in a one head Team Roping, it is permissible for one member of a team who is entered twice to draw the same animal).
8. All stock is to be drawn for by at least one (1) Judge. Judge to be available at designated time. Drawing must be done so that any entrant may witness the drawing if so desired. Stock must be drawn in all timed events.
9. TIMED EVENT DRAW: The timed event draw will be accomplished as follows:
 - a. Draw from herd;
 - b. Subsequent performance, draw to continue using remaining herd until herd is depleted (slack is considered a subsequent performance), then draw to the full herd;
 - c. Draw to continue from beginning basis
10. An absolute minimum of twelve (12) timed event cattle suitable for the draw will be hauled by the Stock Contractor. The office will fine Stock Contractor a minimum fine of fifty (\$50) per head they are short. The next offense will be doubled. If an event has less than 12 Contestants, Stock Contractor can bring one (1) head for each Contestant, plus one (1) extra, with approval from the Event Director and no fine shall be imposed.
11. All timed event cattle will be branded with legible number or have legible ear tag, if animal has both (brand and ear tag) they must correspond. Stock Contractor/Producer's failure to comply with any part of this rule will result in a fine. Judges and/or Event Director will be responsible for enforcing this rule and reporting infraction of same.

12. Animals will be inspected and objectionable ones eliminated before drawing. Judges will be responsible for inspection. Judges who fail to comply with this rule will be subject to fine. Team Roping and Steer Wrestling steers will be inspected by Judges to see if horns need wrapped or tipped to be suitable for the draw for safety reasons. Stock Contractor will be responsible to see that this is done.
13. All timed event cattle shall be run prior to the first performance of each rodeo and cattle that cannot clear the chute will be eliminated from the draw or tipped at that particular rodeo. Failure to comply with rule will result in Stock Contractor being subject to fine.
14. No sick or injured animals, whether discovered before or after the draw, will be permitted to be used in competition. In the timed events, blinded animals or animals with bad eyes will not be permitted to be used in competition.
15. If a mistake is made in the drawing of timed event livestock, the draw shall be redrawn, provided the mistake is discovered prior to the event and does not interfere with the continuation of the performance. If mistake is discovered after the contest has begun, runs will be completed as drawn. Judges should attempt to even the runs on cattle in the next draw. Judges will be liable for drawing mistakes, and subject to a fine.
16. In the timed events, if an injured animal is discovered after the original draw, that animal will be eliminated from the draw for the remainder of that rodeo and a replacement for said injured animal shall come from the remainder of the herd. This is not a mistake in the draw, therefore, only the injured animal will be redrawn. If there are no more animals remaining in the herd to be drawn the Contestant will receive the first animal drawn in the next run on the cattle. If more than one injured animal is discovered, draw is to be made in the order in which injured animals were discovered pertaining to that particular performance.
17. If an animal is injured in the process of contesting in the timed events, the Contestant shall not receive another head during that go-round.
18. All calves and steers for the performance of the rodeo will not be drawn MORE than four (4) hours and not LESS than one (1) hour before each performance. A list will be posted not LESS than one (1) hour before each performance. Positions will be drawn in all timed events including Cowgirl's Barrel Racing.
19. In Timed vents, when performances are drawn in the first go-round, reverse order in second go-round, trades can be made with Rodeo Secretary at rodeo in second go-round prior to draw.
20. All bucking stock must be branded or painted with legible numbers before drawn.
21. In riding events when performances are drawn, performances may be traded in all go-rounds. This will be done by CES.
22. In the Rough Stock events, objectionable stock replacements will be drawn from re-rides for the performance. If stock is not penned at arena, all re-rides must be brought to the arena with performance livestock.
23. In the Rough Stock events, if an animal is disqualified from competition after the draw, the Judge will replace the disqualified animal from the re-ride herd. If the re-ride herd has been exhausted, the animal will be replaced from the balance of the herd not out that performance. Disqualified animals will remain disqualified for the remainder of that rodeo.
24. In the Rough Stock events, replacements for injured stock will be drawn from the re-rides drawn for that performance. Replacement of an injured animal is not a misdraw.
25. Stock Contractor may run slack at his discretion any time after the first performance up to and including right after the last performance. If Stock Contractor wishes to run any slack (before the first performance), it must be published on the APRA Official Website Rodeo Scheduling Listing. Entries will not be limited in any event.
26. If slack is designated at any time other than a performance, slack will be considered a (separate) performance and said slack shall be run in the same order as a performance.

27. Cattle may be chute run in slack. Slack in the timed events shall be drawn immediately following the performance in which it is run. When slack is not run immediately after the performance, slack will be drawn not more than one (1) hour before slack is scheduled. In the rough stock events, when a re-ride is given, the Contestant will be given ride score and stock number of the re-ride animal.

ELIMINATION OF LIVESTOCK

1. Any APRA Official desiring elimination of stock will personally meet with the company officials involved. Objectionable animals to be eliminated from the draw will be agreed upon by both the Event Director and Stock Contractor. If agreement cannot be made, it will be referred to the Board of Directors. The Board of Directors will act as the arbitration board.
2. Animals in the riding events may be disqualified from competition for the following reasons:
 - a. Any animal with a known history of falling.
 - b. Chute fighting animals.
 - c. Any animal in apparent poor health.
 - d. If an animal runs off, stops, or falls three (3) times in one fiscal year, he may be taken out of the draw by the Event Director.
3. Objectionable animals in the timed events may be disqualified from the timed events to insure an even set of competition animals.

DRESS CODE

1. When Contestant numbers are furnished, all Contestants must wear their numbers to enter the arena and to receive their stock. Contestants without a number may be disqualified and/or can be fined. Numbers must be worn on Contestants backs. Anyone without a number will be subject to a \$25 fine.
2. Appropriate long sleeve shirt (sleeves rolled down, shirt tails tucked in, no T-shirts or pull-over shirts), western hats, boots and western denim jeans or western dress pants must be worn in the arena, the back of the bucking chutes and on rodeo grounds by all participants one hour prior to and during performance time and slack. In all events, a sweater or jacket may be worn over proper western attire. Failure to comply with this dress code while contesting will result in a fine.
3. Announcers are required to wear western hats and long sleeved shirts while on the announcer's stand. Timers and Rodeo Secretary are required to wear long sleeved shirts while on the announcers stand. It is required that western hats be worn. Failure to comply will result in a fine.
4. All Contestants must have their hat on their head when hitting the floor of the arena. This does not mean the alleyway into the arena but the arena floor itself. Any Contestant not having their hat on their head when entering the arena floor will be fined Fifty Dollars (\$50). Consideration may be given to Contestants opting to wear protective head gear or face mask.

GRAND ENTRY/COLOR PRESENTATION

1. All Stock Contractors must use the official APRA flag in the Grand Entry and have an official APRA and AFR banner in plain view in the arena at all APRA sanctioned rodeos.
2. The APRA requires that all colors and Grand Entries be handled by competent horses and horsemen, and that APRA members ride in the Grand Entry.
3. Any Contestant having a horse on the grounds who does not ride in the Grand Entry or carry a flag when asked to do so by the Stock Contractor or Committeeman, shall be fined Fifty Dollars (\$50) payable to the APRA office and upon collection, the fine will be forwarded to the Rodeo Committee. Rider may be excused by the Judge, with good reason. Signed statement from the Judge, excusing rider, must be included with rodeo results.

Clarification: Posted ground rules are the Stock Contractor and/or Committee's request that Contestants ride in the Grand Entry and/or carry a flag. If a Contestant has a team of horses, only one horse must be in the Grand Entry. It does not matter if Contestant is up in paid performance or slack, if he or she has a horse on the grounds, he or she must ride in the Grand Entry and/or carry a flag if requested to do so.

RODEO ENTRY (BOOKS)/TURN OUTS

Central Entry System (CES) guidelines -

RODEO ENTRY/BOOKS PHONE #: (800) 54-RODEO NOTIFIED TURNOUT PHONE #: (337) 304-1840

1. CES hours of operations of operation – **ALL TIMES ARE CENTRAL STANDARD TIME (CST)**

Monday	8:00AM - 7:00PM	Thursday	9:00AM - 4:00PM
Tuesday	9:00AM - 4:00PM	Friday	9:00AM - 4:00PM
Wednesday	9:00AM - 4:00PM	Saturday	10:00AM - 5:00PM (NTO's ONLY)
2. Rodeo entries/books/call-ins must be made as per each individual rodeo listing. All rodeo listings will include entry office phone number, date and times; along with any internet entry capabilities if applicable. Slack, as always, will be determined at the close of CES books.
3. Draws are posted by CES within one and a half hours after posted entry time closes.
4. Trades can be made by swapping position for position. (i.e.: Team Roping team #3 can trade with Team Roping team #16).
5. Trades **MUST** be made by calling CES with confirmation numbers for all contestants involved in the trade and all trade notifications must be called in **NO LATER THAN 4:00PM** the following business day, barring holidays and/or weekends (ie: original entries on Monday, trade notifications taken until 4:00PM Tuesday).
6. Notified Turn Outs (NTO) **MUST** be called into CES no later than 3 hours prior to the start of the first rodeo performance. NTO's for Sunday performances **MUST** be made by 5:00PM Saturday, the day before.

If a Contestant arrives at a rodeo after his or her event has completed, Contestant must immediately find the Rodeo Secretary and make payment of their entry fees due; unless Contestant is ill or injured. In which case, a Doctor's release (or Judges Visible Injury release) must be presented to the Rodeo Secretary and forwarded to the APRA office. Contestant's failure to comply with this rule will result in an automatic fine of Fifty Dollars (\$50), in addition to the entry fee amount.

1. The following are the only accepted reasons for failure to pay entry fees:
 - a) Doctor's Release (due into rodeo office within 48 hours from the date of the last performance of the Rodeo for which fees were unpaid) **see Rodeo Entry/Turn Outs #8 for additional information**
 - b) Vet's Release – applies to Barrel Racer's Only (only one occurrence permitted per season per Contestant) **see Rodeo Entry/Turn Outs #2 for additional information**
 - c) Visible Injury – (must be granted by Rodeo Judge of the rodeo turning out of) **see Rodeo Entry/Turn Outs #3 for additional information**
 - d) or, Death in immediate family

CONTESTANTS FAILING TO COMPLY WITH THIS RULE, WILL BE HELD LIABLE FOR ENTRY FEE AND ANY FINES INCURRED. There will be a Twenty-Five Dollar (\$25) service charge added to all entry fees that must be collected by the APRA office. Anyone abusing the use of a Doctor's Release or Vet's Release will be fined Five Hundred Dollars (\$500).
2. No Contestant will be refunded entry fees because of illness or injury to his or her horse. A Vet Release will be accepted as legitimate excuse for failure to pay entry fees in the Cowgirl's Barrel Racing only; however, Cowgirl may not compete in an APRA rodeo within six (6) days from the date of the last performance of the rodeo where the Vet Release was used. [If the rodeo you used the Vet Release for ends on Sunday, then you cannot participate until the next Sunday (6 full days from the last perf)]. Vet Release must be in APRA office within 5 days of the date the Contestant "draws-out" of their performance using a Vet Release.
3. In the case of Visible Injury (VI) turn out, a Judge is to grant a VI release **ONLY** if there is an obvious injury or illness; otherwise, the Contestant must have a letter from a Doctor verifying the injury or illness. It is mandatory that Contestants pay their entry fee for the event being turned out and the entry fees of Contestants turning out due to VI shall remain in the payoff. All turn out fines

and mount out money charges will be waived, provided fees are paid as previously stated and Contestant does not compete in that event at another rodeo during that same time period. In this instance, the Contestant shall remain eligible to enter or compete in any APRA rodeo FOLLOWING the performance which he/she turned out because of Visible Injury. Furthermore, any Contestant turning out with a VI will not be eligible for average payoff in that event.

4. If one partner in the Team Roping does not show, Contestant can choose a partner from a team that is only entered once or any Contestant that is already entered in another event in that rodeo. No Contestant may compete more times than allowed to make up the team. Contestant must notify the line judge of the partner substitution before the start of the run. After one Contestant is declared not present to compete and another partner is substituted, you cannot change back to the original partner. The partner that does not show will be fined Fifty Dollars (\$50), in addition to their original entry fee amount. The team will draw stock in the original position and the substitute partner must pay his/her entry fee to compete.
5. All entries must be accompanied by an APRA membership card with the exception of High School Cards, College Rodeo Cards, Military Cards and/or Locals (*see High School Memberships for additional information*). Acceptance of Local entries shall be at the discretion of the Stock Contractor and/or Producer. Contestants will be permitted to enter as a Local an unlimited number of times during each rodeo season. A Twenty Dollar (\$20.00) fee will be added for a Local entry. This fee will be collected at the time of entry, along with the entry fees due for that rodeo. ALL LOCAL ENTRIES must be paid at the time of entry using a credit card. If a Local entry is underage, Contestant must provide a signed, notarized statement of permission from their parent or legal guardian upon check-in at the rodeo to the Rodeo Secretary.
 - b) In the Team Roping, when an APRA member enters with a Local, that member must adhere to the rules governing Local entries (*see Locals 1b & 1c for additional info*).
 - c) Rodeo entries will be accepted in the following order:
 - 1) APRA Cardholders
 - 2) High School, College and Military Cardholders
 - 3) Locals
6. When entering a rodeo, Team Ropers must specify to CES which end they intend to rope. There will be no switching of positions (i.e. heading and/or heeling) after the conclusion of books.
7. A Contestant working two (2) or more events in a single rodeo must pay all of his/her fees to the Rodeo Secretary prior to the first performance he/she is competing in.
8. Any APRA member calling in for another Contestant will be liable for the entry fee of that person and must present a valid APRA card number for each Contestant for whom he or she is entering. If entry fee is not paid within notification limit, member who entered Contestant will be suspended and fined Twenty-Five Dollars (\$25.00).
9. Turn Outs - Any Contestant turning out stock because of injury may not compete at another rodeo in that particular event within six (6) days. Contestants found competing before six (6) days will be held liable for all entry fees, plus turn out fines. Each infraction will result in the same. If Contestant notifies the Rodeo Secretary (no later than one hour before the start of the rodeo performance) that he/she has arranged for another Contestant entered in the rodeo, or an APRA member, to replace themselves on their stock, this rule is waived. Provided the replacement does, in fact, mount or run the Contestant's stock. If the Contestant is turning out in one particular event due to injury/illness, the Contestant is not disqualified in all events and will have the option to compete in all other events for the remainder of the rodeo.
10. All Non-Notified Turnout (NNT0) fines will be assessed at the rate of Fifty Dollars (\$50.00), plus entry fees and all others costs whether at a paid performance or slack (whether fees are paid or not and whether stock is turned out or not). NNT0 fines paid to the APRA Office will be divided as follows: \$50.00 fine divided \$25.00 to the Association and \$25.00 to the Stock Contractor.

11. Contestants must call CES to turn out of an APRA rodeo (phone number is on the APRA website). Do not call the APRA office. However, any entry fees and fines from either a notified or non-notified turn out must be paid to the APRA office.
12. **NO NOTIFICATION FROM THE OFFICE WILL BE SENT TO ANY CONTESTANT TURNING OUT OF A RODEO. CONTESTANTS ARE RESPONSIBLE FOR PAYMENT OF THEIR TURNOUT FINES & ENTRY FEE MONIES TO EITHER THE APRA OFFICE, OR CONTESTANTS MAY PAY AT ANY RODEO BEING HELD DURING THE WEEKEND SUBSEQUENT TO THE RODEO IN WHICH THEY TURNED OUT.**
13. CLARIFICATION - Turn outs and mount outs
 - a. MO - mounted out: if stock is mounted out during a paid performance and the Stock Contractor had to pay someone to mount or run stock, the Contestant will be marked "MO" by the Rodeo Secretary and must report how much was paid by the Stock Contractor (not to exceed \$25.00) and record who was paid to mount or run the stock. The Contestant who turned out the stock will receive a mount out fine when the before mentioned occurs. A signed receipt from the person paid for mounting/running stock must be forwarded to the APRA office with results, before Stock Contractor will receive reimbursement for mount out money paid.
 - b. TO - turned out: if stock is turned out during a paid performance (or slack), Contestant will be marked "TO" and fined a \$50 turn out fine. However; if a bona fide offer is made to mount or run stock and the Stock Contractor refuses the offer, the Rodeo Secretary must be notified and the Contestant will not be fined (ie: the stock contract does not want to buck an animal or run and animal).
 - c. HB - Hold Backs: there will be no Hold-Backs given at any rodeo.
NOTE: If a Contestant entered in two or more events is late, but shows up for the remainder of the events; Contestant will be allowed to work their remaining events regardless of mount out or turn out as long as fees are paid in all events. If mount money is paid, Contestant must pay it. Fees paid under this rule must be included in the payoff in all events.
14. If a Contestant is unable to compete but forwards fees to the Rodeo Secretary to be included in the payoff, the turn out or mount out fine shall be waived.
15. In all events, if a Contestant is on the rodeo grounds within two (2) hours of their performance, but fails to get on stock or make a contest run and does not pay entry fee, Contestant will be liable for fees plus a Fifty Dollar (\$50) fine for each animal they do not mount or run. If Contestant pays entry fees and Twenty-Five Dollar (\$25) turn out fee per event to the Rodeo Secretary, Contestant will not be assessed the \$50 Turn Out fine from the office (\$25 fee goes to Stock Contractor - may be waived at Stock Contractor's discretion).
16. A suspended list will be sent to every Rodeo Secretary of all Contestants who have turned out of any rodeo. The Contestant may pay the Rodeo Secretary their fines and entry fees at the rodeo subsequent to the rodeo in which they turned out. If a Contestant's name appears on the listing, they must pay their fines and entry fees before they will be allowed to compete at that rodeo. If they do not pay their outstanding fees and fines, they will be ineligible to compete at that rodeo and will be assessed a turnout fine plus their fees for that rodeo.
17. A rodeo Stock Contractor, Judge, Secretary, or Timer will not be allowed to pay the entry fee for a percentage of the Contestant's winnings at any rodeo they are working.

LOCALS

1. Acceptance of local entries shall be at the discretion of the Stock Contractor and/or Producer. Contestants will be permitted to enter as a Local an unlimited number of times during each rodeo season. Past APRA members will be allowed to enter as a local within the parameters of the local entry requirements.

- a. Local entries will be charged a \$20.00 local fee. All Local entries must be pre-paid using a credit/debit card at time of entries unless special permission is granted by the APRA Board of Directors.
- b. In the Team Roping, when an APRA member enters with a local, said member must adhere to the rules governing local entries.
- c. In the Team Roping, when an APRA member enters with a local entry, that member waives his privilege of preference.
- d. If a Local entry is underage, Contestant must provide a signed, notarized statement of permission from their parent or legal guardian.

LATE ENTRIES/WRITE-INS

1. Books will remain open for any event that is not full until before the draw of the first performance. For full event rodeo's, event performances will be considered full when the entry maximums have been met (Bulls - 12; Barrels - 12; Bareback, Saddle Bronc, Breakaway, Team Roping, Steer Wrestling, Tie Down Roping - 8). For LTFR event rodeo's, event performances will be considered full when the following entry maximums have been met (Bulls - 20; Barrels - 24; Bareback, Saddle Bronc, Breakaway, Team Roping, Steer Wrestling, Tie Down Roping - 8).
2. Contestants entering the events that are not full and prior to the draw of the first performance will be known as Late Entries.
3. Contestants entered in events after the draw of the first performance will be known as Write-Ins. Write-Ins are not permitted and will result in a One Hundred (\$100) Dollar fine to the Stock Contractor.
4. Contestants must have the approval of the Stock Contractor to enter. Points will count for Contestants entering as Late Entries. Points will NOT count for Contestants entered as Write-Ins.
5. Late Entries/Write-Ins may not exceed the minimums set for each event. Stock Contractors will be fined One Hundred Dollars (\$100) per Late Entry or Write-In entry accepted in excess of a full performance.

ENTRY FEES

1. The following scale will be used in determining entry fees, in accordance with added money; \$300-\$375, \$40 entry fees; \$376-\$500, \$45 entry fees; \$501-\$700, \$50 entry fees; \$701-\$900, \$55 entry fees; \$901-\$1100, \$60 entry fees; entry fees to be raised Five Dollars (\$5.00) per each additional Two Hundred Dollars (\$200.00) added money; One Hundred Dollar (\$100.00) maximum entry fee. Team Roping entry fees will be per man. Permission must be granted by the Executive Committee for any deviation in this entry fee schedule.
2. All Contestants will pay an entry fee. In addition to entry fees, all Contestants will pay the following: \$6.00 for Central Entry System charge; \$10.00 per entry for Stock Contractor Fee; \$1.00 for Year End Awards; \$2.00 for Finals Fund. In the Team Roping, the Stock Contractor Fee will be split equally (\$5.00 each) per man. All Stock Contractor Fees are based on a per entry basis, not per Contestant. Contestants whom enter as a Local will be charged an additional \$20.00 for their entries (*see LOCALS for additional information*).

PAYOFF

1. Immediately after completion of rodeo, Rodeo Secretary shall make payment to winning Contestants in each event. On one head or any number of head of stock, added money and entry fees are to be totaled, ten percent (10%) sanction fee is to be deducted and the balance is to be paid as follows:

BAREBACK & SADDLE BRONC RIDING

5	1 st Place	33%
	2 nd Place	25%
	3 rd Place	19%

	7 th Place	5%

Clarification - if only one qualified run or ride is made, that Contestant shall receive all the prize money; if two rides or runs are made, those Contestants shall receive the prize money, divided 60%-40% same as a two money payoff, etc. If there are no qualified rides or runs, the APRA's (10%) will be deducted from the total purse and sent to the APRA Office. The added money will divert back to the Stock Contractor or whomever put up the added money and the entry fees will be split between the APRA and the Stock Contractor.

- a. All pay off figures are after the ten (10%) sanction fee is taken out.
- b. Computation of payoff in the Team Roping will be evaluated on individual winnings, not on team basis; however, number of entries will be determined by teams.

- c. Should the automatic/electric eye timer fail and is no longer serviceable, the Cowgirl Barrel Race will be paid on hand flagged times. The flagged times must be recorded in hundredths of a second with one zero (0) added to have a time recorded in thousandths (e.g. - 14.150).
2. Prorated payoffs are to be calculated as follows:
 - Divide Total ADDED \$ amount by Total # of Contestants entered in that event (this equals your Prorated Added Money/Contestant)
 - Multiply your PAM/C \$ by # of Contestants whom have competed (this equals your Prorated Added Money Total)
NOTE: this figure cannot be less than the minimum added money for an APRA sanctioned rodeo...as long as this stipulation is met, any overage is to be returned to the Committee supplying the added money
 - Entry fees remain the same for those Contestants who have competed
 - Entry fees (less CES charges) are refunded to those Contestants who have not competed
 - Sanction % remains the same
 - Adhere to normal payoff procedures
3. Ground money will not be paid. Prize money will be paid to qualifying Contestants only.
4. Anytime there is a dispute in the prize money payoff, prize money will be forwarded to the APRA office for disbursement.
5. Average Payoff - a Contestant must compete on every head of stock drawn for them in that event in order to place in the average. When two (2) or more head of stock are given, an average must be paid.
 - a. When two (2) head are given, average shall pay the same amount of money as a single go-round.
 - b. When three (3) head are given, average shall pay one and one-half (1 1/2) the amount paid in a single go-round. The correct calculation is to divide nine into total amount of prize money and multiply by two to get total amount for each go. Divide nine into total amount of prize money and multiply by three to get total amount for average.
 - c. When four (4) or more head are given, average shall pay double the amount paid in a single go-round.
6. Prize money will be mailed to Contestant or APRA office within three (3) days or Rodeo Secretary will be fined.

CONDUCT

1. All contesting members will at all times conduct themselves in an exemplary manner upholding the APRA purpose and shall present themselves in a neat, clean, and orderly manner.

GRIEVANCE PROCEDURE

As a condition of membership all Members agree that any dispute with the APRA, its Officers, or Directors shall be resolved through the following grievance procedure. Any Member may utilize such procedure to question or contest any action of the APRA involving application or interpretation of the APRA Articles of Incorporation, Bylaws or Rodeo Rules.

Step 1) The grieving member shall bring the subject matter of grievance to the attention of the President in writing. The letter shall set forth in full the subject matter of the dispute and the proposed action requested by the grievant. Within seven (7) days following receipt of said Step 1 grievance letter, the President shall reply in writing to the grievant setting forth his decision on the matter. Said decision shall be final and binding unless appealed by the grievant as set forth in Step 2 (below).

Step 2) In the event that the grieving member is dissatisfied with the decision of the President, he or she may then appeal directly to the full APRA Board of Directors. Within seven (7) days after receipt of the written decision of the President, the grievant must notify the APRA Board, in writing, of his or her desire for an appeal hearing on the matter. Said letter should be addressed to the Secretary of the APRA Board and should briefly summarize the position of the grievant. Within seven (7) days after receipt of Step 2 grievance letter, the Secretary of the APRA Board of Directors shall in writing notify the grievant of the next regularly scheduled APRA Board meeting at which time said member shall be afforded an opportunity for a full hearing of his grievance. Following said hearing, the APRA board shall issue a final decision on the matter which shall appear in the minutes of the APRA Board of Directors meeting. The purpose of the above stated grievance procedure is to provide an open and informal method of resolving grievances by the membership and to enhance the channels of communication between the members and the APRA Officers and Directors. The APRA and its Duly Constituted Officials and Committees can appeal to the Combined Board for final review of actions taken by the President. the arena is through a bucking chute, then the width shall be a minimum of a standard bucking chute. The bars in the alley must be removed, or buried, so that the center alley will be completely level, to be deemed safe by the rodeo Judges. Any gate that Barrel Racers are required to enter, either center or side, the bar must be removed or buried. When using a center alley in the Barrel Racing, the Barrel Racers must leave through the center alley, unless the gate has been closed. The Barrel Racer can be fined for turning her horse off before going out the center alley. This is the sole opinion of the Judges whether the rider causes this, or he can waive the fine if he thinks someone or something in the alley scares the horse.

2. Contestants cannot be required to begin run from an off-center gate or alleyway. When there is a split or double alleyway, Contestants may be required to run from either of the alleyways, if they have a choice of either alleyway. When center alleyway is used, it will be posted whether gate will be open, closed or Barrel Racer's option to run out. Once a Contestant is disqualified, she cannot work her horse.
3. Setup Arena - Contestant must be mounted on horseback and be unassisted when breaking the entryway plane onto the arena floor.

Electric eye timers will be staked and reset over that stake each performance. Judges will be responsible for setting up electric eye timers.

 - f. Barrels one (1) and two (2) will be set a minimum of fifteen (15) feet off arena fences, eighteen (18) feet when possible.

*Standard course should be used wherever possible. If score line is less than the maximum sixty (60) feet, there must be a minimum of fifty (50) feet from the chutes or arena fence for stopping room, unless the arena has a center gate or alleyway and Contestants are allowed to run in and out.

8. Ground must be worked with a tractor after twelve (12) runs. The ground in slack will be dragged after the equivalent number of Contestants. The ground can be worked after fewer Contestants at the management's discretion; however, no more than twelve (12) can run without working the arena with a tractor. When extreme arena conditions exist it will be the Judge's discretion as to whether equipment is to be used to work the arena.

10. If Contestant knocks barrel over, there will be a five (5) second penalty for each barrel knocked over.

No pads or tires may be used on or around barrels. Barrels must be at least two colors; no solid colored barrels. No plastic or rubber barrels may be used. Producer's failure to comply will result in a fine.

A Contestant will be fined One Hundred Dollars (\$100) for going around a barrel more than one time during her competition run (i.e. - if a barrel horse turns the first barrel and ducks second barrel, Contestant may not go back to the first barrel and turn it again and then go to the second barrel).
22. If a re-run is to be given for any reason, Contestant has the option to re-run after the last horse in that performance or after the performance. If twelve (12) runs have been made during that perf, the ground must be worked with a tractor for that Contestant if option to run after performance is given.
23. Re-run to be given to a Contestant at Judges discretion should Contestant be fouled. If flagger miss-flags at the end of the run, all penalties incurred are added to the re-run. Re-runs given for other reasons will not include penalties incurred on original run. If an entire performance is rerun because of barrels not being in original places, then all Contestants will run over and any penalties are disregarded.

25. No one on horseback, besides Contestant, will be allowed to remain in arena during contest run.

28. Contestants riding the same horse that draws up with fewer than five (5) Contestants between them can be split by the Judge. Splits must be made no less than thirty (30) minutes prior to each performance and posted by the Rodeo Secretary. The second Contestant shall be moved down five (5) positions to split the Contestants riding the same horse. If not possible, it will be left to the Judge's discretion. Any Contestant abusing this rule will be disqualified.
